

ANNE & DAVID

Hello & welcome to our profile book!

We are a happy, fun-loving family. "Work Hard but Play Harder" best describes how we view life. On weekends we can typically be found spending time with family, at the pool, or at our family's beach condo.

We love to travel and go on new adventures. We can't wait to share our adventures with another child!

We met through an online dating site in 2010. Initially, neither of us were looking for a long-term relationship. But, the more time we spent together, the more we realized we genuinely enjoy being around one another.

In 2013, David was offered a new job that required him to move to another state. They say that distance makes the heart grow fonder. That was definitely true for us. Soon after making the move, David proposed and Anne replied with a very enthusiastic "Yes!" We had a beautiful ceremony in Jacksonville, Florida later that same year.

about us

We both love to travel and take many long weekend trips together: New Orleans, Asheville, Gatlinburg, Destin, and Savannah are among our favorite trips so far!

As much fun as our vacations are, we also enjoy just being together, doing absolutely nothing at all.

We knew we wanted to adopt, so we started the adoption process soon after we got married. In 2017, we welcomed our daughter, Avery, into the family. Parenthood has been our most fun adventure to date!

a little about

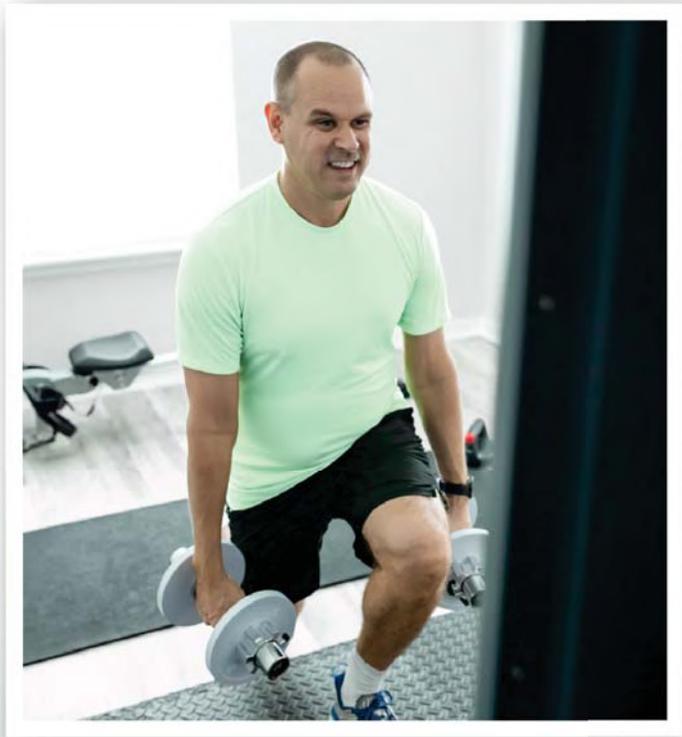

DAVID

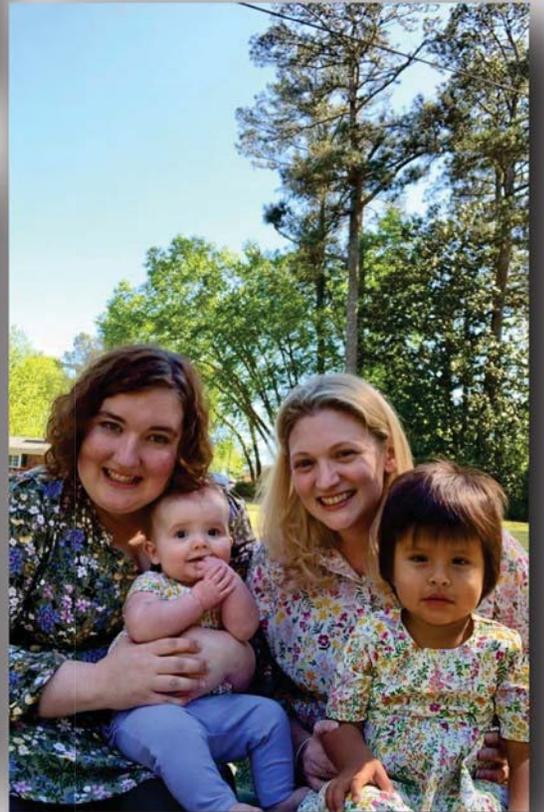

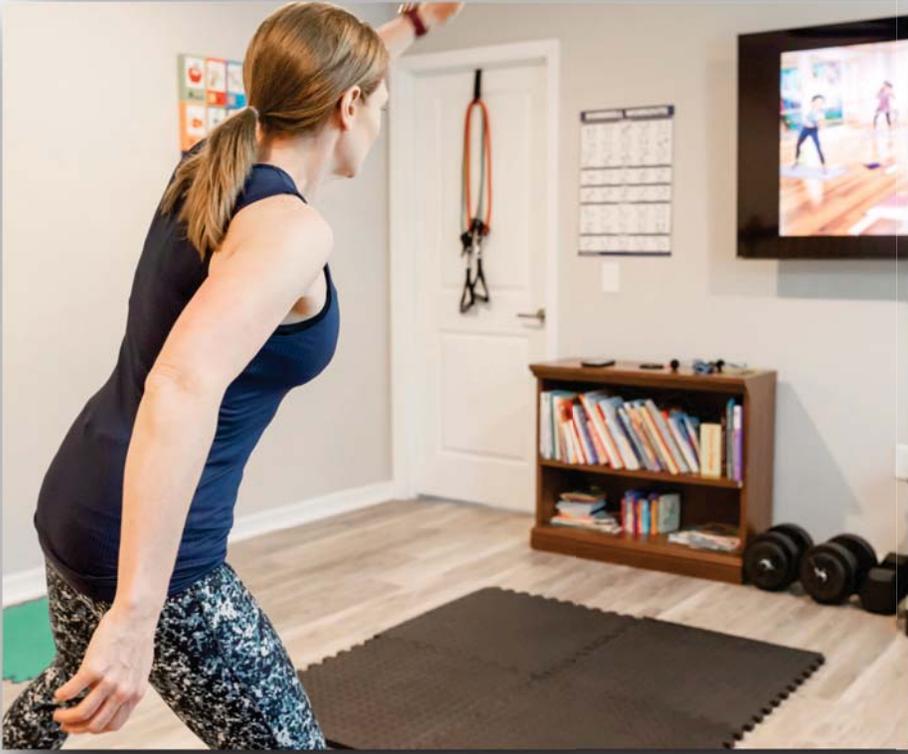

David was adopted into a loving family as an infant. His younger brother, Tim, was adopted three years later.

David grew up playing sports. His family lived near a port, so they went on many cruise vacations together.

David enjoys exercising, particularly weight lifting. He looks for any opportunity to cook on the grill or use his smoker. He has a great sense of humor and an impressive hot sauce collection!

Most of all, David loves spending time with his wife and daughter!

a little about
ANNE

Anne grew up in South Carolina. She has two older brothers who were very loving and protective of her. Anne has seven nieces & nephews who she loves dearly. Her oldest niece has a daughter almost the same age as Avery, which is great fun!

Anne loves to read. She treasures reading stories to Avery before bed. Anne also enjoys cooking her family healthy dinners and staying fit through online aerobics classes.

Anne is also very fond of watching sports, particularly football. Her favorite team is the South Carolina Gamecocks.

Anne has many titles in life but her favorites are those of wife and a mom.

a little about

AVERY

Avery was placed with us when she was two months old.

Avery loves to play dress up and gets so excited anytime she is allowed to play with Mommy's makeup.

She loves to sing Disney songs - she will listen to a song on repeat until she learns all the words.

Avery loves people - she says "Hello" to everyone she meets and naturally makes people laugh and smile.

She can't wait to be a big sister!

OUR *home* AND NEIGHBORHOOD

We live in a diverse family-oriented neighborhood with lots of amenities including two playgrounds and a community pool. Our home is two stories and has four big bedrooms. Our favorite place in our house is our family room where we watch movies together and cuddle with our dogs, Tater and Batman.

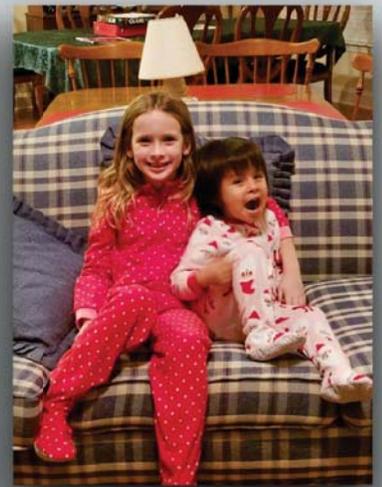

We are both very close to our families, but we spend more time with David's family because they live less than an hour from us. We get together to celebrate birthdays and anniversaries, but we also meet up for no particular reason at all. David's parents are wonderful grandparents - they love to spend quality time with their granddaughter and to give us the opportunity for an occasional date night!

Anne's entire family, including her nieces and nephews, gather together in Georgia at least twice per year. While Anne doesn't get to see her mom nearly as much as she'd like to, they talk on the phone nearly every day and have a very close relationship. Avery loves her Grandma - they video chat often!

THESE ARE OUR
FAMILY & FRIENDS

Adventures

We love our travel adventures! We have been on several cruises together including a Disney cruise when Avery was a baby.

We also like to find the adventure in the every day things - finding a new park to visit, taking a cooking class, kicking our feet in the surf!

Our promise to you...

We promise to encourage learning something new every day.

We promise to teach right from wrong and ensure that the child that joins our family will grow up to have strong morals and principles.

We promise to continue exploring the world, one adventure at a time.

Most of all, we promise to love and cherish a child entrusted to us each and every day.

We hope to get to know you soon.

With Much Respect,
Anne & David
