

CURTIS & MICHAEL

THANK YOU.

DEAR BIRTH MOM,

Thank you for making an adoption plan for your child. Thank you for learning more about our story and considering us as your child's adoptive parents.

Michael and I know how important this decision is for you. We hope this profile book helps you see our love for each other, our stable home, and the full life we will provide your child as their adoptive parents.

We can't wait to tell your child about how **you chose us for them and how your child is loved by so many. We believe seeing is believing, so we'll include more photos and fewer words. We hope to have a chance to speak with you to learn your story and answer any questions you may have about ours. Thank you again.**

WE PROMISE...

... to provide unconditional love to your child for the rest of their life.

... to put the baby's needs above ours and the dog's needs and wants.

... to protect your child from harm and develop them into a strong independent, compassionate thinker.

... to celebrate you as Birth Mom and tell your child about you as they grow.
