# Curtis & Michael Family

# Hello!

## *Dear Birth Mother*

We are Curtis and Michael, and we are honored that you would consider us as adoptive parents for your child. We have deep respect for your decision to make an adoption plan. We want you to know that if you pick us, your child will be the center of our universe for their entire lives. We plan to provide your child with a loving, caring, and stable home. We are also excited about an open adoption so we can learn more about you and tell your child about you as they grow up. As a same-sex couple, you will be their only mom, and we want them to know that as they grow up.

# Our Story

Michael and I met in 2014 when we were 24 and have been together for 11 years. We married in 2018, among our close family and friends, in a quaint town in New England.

We love dogs and added our first, Madison, who is now seven. Bentley joined our family a few years later and is now four. Our dogs are Goldendoodles—a mix of a golden retriever and a poodle. Their breed is known for being affectionate, intelligent, and excellent with kids. We have had them both since they were puppies. Our dogs love long walks, swimming, and bike riding.

Curtis is 35 years old and works in financial services. He has a Master of Business Administration degree from Northeastern University and a Bachelor of Science in Management from Saint Francis University. Michael is 35 and works in Human Resources at a Napa Valley-based wine company. Michael holds a Master of Social Work from New York University and a Bachelor of Arts in Psychology from Pace University.

## Meet Curtis (from Michael)

When I met Curtis, I was initially drawn to warmth, unwavering optimism, and enthusiasm for life, which has continued throughout our lives. Curtis always finds the best in people, which has helped us cultivate a robust social support system with family and friends.

He gives 100% of his heart and soul into everything he does, and I know your child will feel this love and support as I do. I can sit and write all of the great things about Curtis, but one thing I can't simply write is that he is a great cook!

# Meet Michael (from Curtis)

Michael is my best friend, and I'm fortunate to have found him and to spend the rest of our lives together. He has many talents and strengths, including being the head family decorator, car enthusiast, and a big heart.

He is also into outdoor activities and exploring new cities! Michael loves being active and will support your child in exploring their world.

# Meet the Dogs

Madison is 7 and is the lady of the house! She enjoys relaxing, sleeping, and good food. She will protect your child and provide many hours of company and entertainment. She loves to cuddle!

Bentley is 4 and is the energy of the house! He enjoys playing, bike rides, and more playing. Bentley will provide your child with endless hours of play and long walks. Bentley is loving and caring.

# Our Home

We live in a family-friendly community in the San Francisco Bay Area. Our home is bright, airy, filled with plants, and has plenty of space for your child to grow and thrive! Most of the families in our community have young children, including our neighbor, who had a baby a few months ago. The nursery is set up and waiting for your child just down the hall from our bedroom.

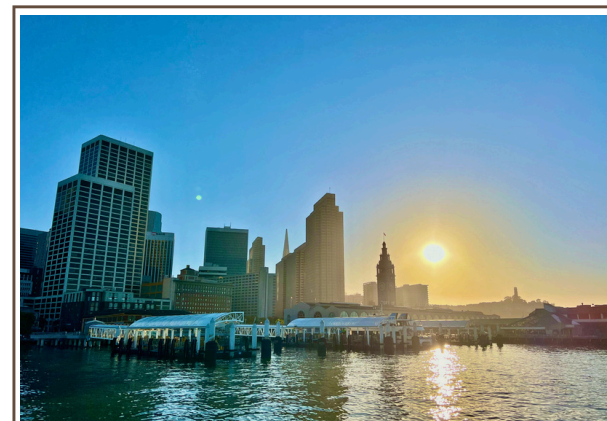

# Our Neighbourhood

Knowing we eventually wanted to raise a family, we chose our community for its school system, well-maintained public parks, and proximity to cultural offerings in the Bay Area. It is a vibrant yet safe community to raise your child, with many parks, trails, and shopping. We are also members of a local fitness club that will allow your child to access family-friendly activities, including swimming and various seasonal events.

# Curtis' Side

Curtis' mom works in law enforcement and has always instilled in me the importance of right from wrong and being a good person. His dad is retired from working in government. They both taught Curtis how to raise a child and build a family. Curtis also has an older brother.

# Michael's Side

Michael is the oldest, with a younger sister and brother. Michael's family instilled many traditions, including being together for Thanksgiving, Christmas, and New Year. Your child will grow up with supportive uncles, aunts, and grandparents!

# Our Promise

We promise to provide unconditional love to your child for the rest of their life. We will also put the baby's needs above our own. We promise to protect your child from harm and develop them into a strong, independent, compassionate thinker. And most important, we promise to celebrate you as a birth mom and tell your child about you as they grow.
